How do you catalogue imagination?

You don't! But you can try!

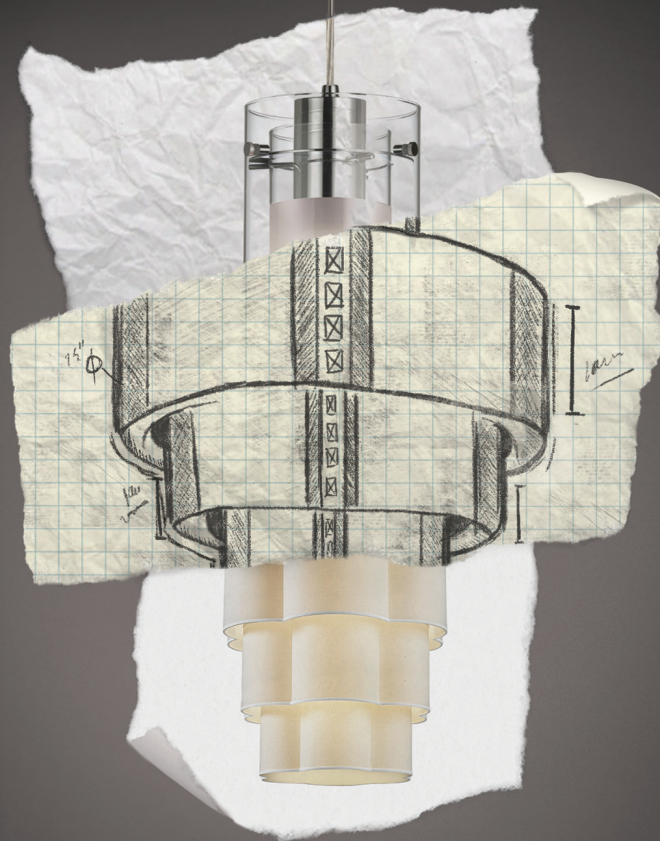

Following are 63 pages of inspiration, just a little help for the imagination.

Dainolite has been building custom lamp shades and shaded fixtures for over thirty years. We blend modern computerization with old world craftsmanship in our custom studio. CNC machines produce accurate execution of your ideas while time honoured craftspeople provide the attention to detail that a machine just cannot do.

Browse through our catalogue and be inspired.
Then contact Dainolite for your next illuminating project.
