ROCKWELL

Rockwell modern design is a must have for any contemporary space.
Geometric metal frame drives this fixture, by combining it
with flawlessly clean lines of the slightly tapered shades.

FLORENCE

The Florence table and floor lamps are a sculptural, midcentury designed breath of fresh air. They feature a large illuminating rectangle that rests slightly off-center in a small concrete cube. Hard edges give this minimalistic lamp a striking profile.

DLEDW-200-WH

Description:

- The "BELLA" wall washer series LED step/wall light is designed for indoor or outdoor wall mount applications using standard 2" (50mm) x 4" (102mm) metal or plastic J-box with minimum inside depth of 2" (50mm). J-box not supplied. IC rated for direct contact with insulating materials. Wet location rated to IP65 standards. Has no visible screws providing clean seamless finish.
- Transposable design allows fixture to be mounted in horizontal or vertical positions. All fixtures assembled and packaged for vertical mounting.

Features:

- Die cast aluminum body with powder coated paint finish.
- Die cast aluminum cut off feature to enable wall wash function.
- Available in Black, White, Bronze or Brushed Aluminum finish.
- Uses 3.3W LED - 2700°K – 85 + CRI.
- 120V direct wiring – multiple fixtures can be wired together in parallel.
- The LED module is removable and can be replaced if required using exactly same binning.
- Includes integral 120V LED driver.
- Smooth and continuous dimming (to 10%) can be achieved using Lutron DVELV-300P and MAELV-600 and Legrand ADTH700.
- 40,000 hour rated life.
- 5 year limited warranty.

PLED-04

Description:

- The PLED-04 series is a stylish Cree, dimmable LED (COB) puck light for indoor use in cabinets, under cabinets, furniture, shelving, display cases and accent lighting.
- Using the chip on board (COB) technology eliminates visible dots in the light output.
- This product produces up to 314 lumens of light while consuming only 4.0 watts of power.
- Using the appropriate wattage 24V constant voltage driver (purchased separately) and a Lutron MAELV-600 or Legrand ADTH700 dimmer (purchased separately) will allow dimming to 10% of maximum output.
- The lights are available in a trio of finish options and one colour temperature. Custom finishes and different colour temperatures can be requested for projects requiring minimum 300 pieces.
